

REMARKS

Upon entry the present response, each of the claims will have been provided with a proper status identifier. In particular the identifier for claim 10 "Currently Amended" will have been provided so that the current status of each claim can be identified.

SUMMARY AND CONCLUSION

Applicant has made a sincere effort to eliminate the informality noted in the Notice of Non-Compliant Amendment and believes that he has now done so. Applicant has submitted a properly identified set of claims in response to the Notice of June 13, 2007.

Any amendments to the claims which have been made in this amendment, and which have not been specifically noted to overcome a rejection based upon the prior art, should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto.

Should the Examiner have any questions or comments regarding this Response, or the present application, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,  
Hiromi MATSUSAKA
